**In response to government advice regarding the spread of the coronavirus, COVID-19, which the World Health Organisation had declared as a pandemic on 11 March 2020, Thomas Telford Multi Academy Trust had taken the decision that the LGB of Redhill Primary Academy should not convene in the normal way for its meetings on 30 March 2020 and 30 June 2020. Alternative arrangements by which the LGB could instead continue to deal with the important business of the meeting agendas were established. These took into account several factors, including, the frequency of contact between the LGB Chair and the Headteacher, complemented by the increased inter-meeting communications which the Board had been receiving during the lockdown period and government advice regarding the spread of the coronavirus. As necessary, the Headteacher had responded to questions arising from Governors, particularly in relation to information provided in various papers, as circulated in advance, as usual. Formal records subsequently prepared by the Clerk summarised how the LGB has continued to address the key issues of each termly agenda in the absence of the normal meeting programme; these are lodged in the LGB minute book.
